

Please note:

- Make sure you provide a vertical file.
- Make sure you provide a sharp photo (with enough pixels, see the example). You can test this by enlarging a photo detail to print size.
- Resolution: 150dpi.
- Accepted filetypes: .eps, .ai, .psd, .svg, .tiff, .jpg, .png, .pdf.
- We prefer to receive logos in a vector file.

Note: Photos via social media are often reduced and therefore not always of sufficient quality.
